FOREWORD

Welcome to the first edition of the *Directory of African Libraries*. This Directory is the most comprehensive guide to almost two thousand libraries throughout Africa. The directory lists public, academic, government and special libraries on the African continent and throughout the Indian Ocean.

Arranged geographically, the entries are alphabetized by country and by the institution or library name. Entries include the name and address of the library, phone and fax contact details, email address and relevant website, plus the name of the head of library. In addition information on the library's holdings are included, as well as the main subject interests of the library.

Information on each entry came either from each library or from public sources. Each library received a copy of the current entry for updating; if the material was not returned the data was verified, as much as possible, through research.

The *Directory of African Libraries* is an essential reference work for all who work with libraries – in professional or private life – and who need up-to-date, reliable information on libraries in this part of the world.

This Directory is only one of four library directories published by Asia Pacific InfoServ Pty Ltd. Our other titles include; the *Directory of Asia Pacific Libraries*; the *Directory of Libraries of the Islamic World* and the *Directory of Middle East and North African Libraries*. For more information please visit our website at www.api-publishing.com

Sincerely,

Arthur Tane
Director
